

**I'M GROWING
AND DEFENDING
MY BUSINESS
WITH FREE
LEGAL ADVICE**

**AS A CHAMBER
MEMBER I'M WELL
CONNECTED**

Included as part of your Chamber membership, your business can take advantage of a free telephone-based legal advisory service with the Chamber Legal Advice Line.

For the cost of a call, your Chamber membership entitles you to unlimited access to legal, human resources, health & safety and tax advice over the telephone.

Find out more overleaf or call **0871 423 5239** to access your Chamber Legal Advice line benefit.

Exclusive with your Chamber membership

The Chamber Legal Advice Line is a free benefit, provided as part of your membership of the Chamber.

With businesses expecting to pay on average over £200 per hour for an equivalent level of advice, you can start realising the value of the service with just three, twenty minute calls over one year.

The Chamber Legal Advice Line, provided by Composite Legal Expenses, is a key benefit and included as part of your Chamber membership. You can use the service as if it's your own in-house legal team, HR department or accountant, calling as often as you like, with no time limit per call.

The Chamber Legal Advice Line at a glance:

- Receive advice relating to any legal, human resource, health & safety, tax or VAT matter
- The service operates on a 24/7 basis – if your enquiry is urgent, it will be escalated to a qualified advisor even outside of normal office hours
- Calls are logged so that follow-up calls relating to the same subject can be seamlessly picked up by any member of the Advice Team
- All Advice Line calls are recorded and securely stored in the event of a query being raised at some point in the future
- Call as often as you need to, with no time limit per call
- For the cost of a call, charged at 10p per minute*, you have unlimited access to legal, tax, HR and health and safety legal advice

Speak to qualified experts:

- Legal advice provided by LLB qualified personnel
- Employment Law and HR advice provided by CIPD qualified consultants
- Health & Safety advice provided by IOSH qualified consultants
- Tax and VAT advice provided by professionally qualified personnel including former HMRC employed specialists

To access your Chamber Legal Advice line benefit simply call **0871 423 5239** confirming the name of the Chamber with which you hold your membership.

#WELLCONNECTED

*Terms and conditions:

The Chamber Legal Advice Line is a telephone based advisory service providing practical signposting advice and available to members of participating Accredited Chambers of Commerce in the UK.
*Calls from BT landlines cost 10p per minute at all times. Mobiles and other networks may cost more.
If an enquiry requires investigation beyond the scope of service, or requires a solicitor to review or draft documentation and contracts, you may be given the option to instruct your own solicitor or be provided with a quotation for the work to be carried out by Composite's panel solicitors or consultants on a private fee paying basis.
